

MMA2000B MMA Applicator Push Cart

EPIC Solutions push cart MMA applicator is a gravity-fed drag box design. It creates an even application without pumps or spray nozzles to clog. It is capable of a flat line.

The MMA2000 has multiple drag box sizes available. Different line sizes are as simple as a box change. The box simply slides on to holder and locks into place.

Options:

Simple set up - uses MMA material right in the bucket.

Easy to clean high-density plastic boxes

Quick and easy to change boxes - standard with 4" and 24" boxes. 6", 8", 12" also available

Other model variations available

EPIC Solutions is committed to being technology leaders in the highway construction, roadway maintenance, and related industries. We build high quality machines to fill a need, that are safe and improve efficiency. Developed and road tested with the participation of industry experts, these products will perform for you.
